

ACIGRAF GRAPHIC EQUIPMENTS S.R.L

ACIGRAF is very pleased to talk about the important worldwide success of the **SUPER PERFAST**, a working center that **simultaneously** cut and polishes gravure cylinders.

ACIGRAF and its staff will be always at your disposal to present the wide range of machines for the Preparation of Rotogravure Cylinders:

PERFAST BB semi automatic turning/polishing machine

PROGRESS a fully automatic Polishing Machine with 3 Heads

PROGRESS E STEEL a complete range of Plating Machines (Copper / Chrome ...)

ACIMATIC SLIM the fully automated and robotized Plating Line

REPROCHEM will exhibit a complete range of Instruments for the Quality Control of the Rotogravure Printing Cylinders; the whole production of **Grinding Stones** and **Chemical Products**. In particular you will have the chance to see the complete range of **Shelf Sharpening Doctor Blades for Rotogravure and Flexo that are having a very big worldwide success both in the Rotogravure (Packaging and Publication) and Flexographic Field.**

Moreover **ACIGRAF** and **REPROCHEM** staff will be glad to show you the last news about the “**THERMAL GRAVURE EXACTUS™**” and the new Engraving machine Mod. Ax 130 and 160.

We await all of you at our stand, sure to answer in the best way to all your questions.
