

SIFAG SRL

SOCIETA' ITALIANA FORNITURE ARTI GRAFICHE. YOUR EXPERT IN GLUING TECHNOLOGY AND FINISHING.

We are sole distributors of consumable products for the Graphic Arts Industry for the Italian territory.

For over 50 years, we have been serving small, medium-sized and large Paper and Cardboard Manufacturing Industries, Bookbinderies, Printing Houses, Lithographic Printing Works, Flexographic Printing Works, Printing Centres, Copy Centres, Press and Public Relations Offices, offering them:

Gluing technology by PLANATOL GmbH : Glues for a very wide range of applications, either cold (aqueous dispersion) or hot (hot melts), EVA, polyurethane based, the new pressure-sensitive glues in cube package and the newest product OPI DOTS, glue spots, in roll for a rapid manual application.

Small and medium-sized/large PLANAX binding machines, either manual or automatic, using cold glues water based , hot melt glues and hot pre-glued tapes.

Steel rules available in either side and centre series blades: on press perforating, slitting, scoring, die cutting and punching accessory, to be used while printing in OFFSET, which results in considerably reduced production lead times and costs; rules produced by H.S. BOYD Inc., Tulsa Oklahoma

USA, leading manufacturer with over 40 years of experience and the new Swiss system PPP, Perf Print Plus, with Multilayer polyester-foil (integrated millimeter grid) placed on the blanket cylinder. Systems by LOHMANN & CO. GmbH comprising very high quality DUPLO adhesive and double-adhesive tapes for fixing printing plates, as well as for a very broad range of paper and cardboard manufacturing applications.

Research and Manufacturing in the Companies we represent are focused on constant updating and development, in order to keep up with the rapid changes in the Graphic and Paper and Cardboard Manufacturing Industries and their relevant needs, as well as on preparing specific, "ad hoc»-designed formulas.
